BECAUSE YOU'LL BE SPENDING
TIME WITH YOUR DOCTOR.

INTRODUCING COOPER CLINIC PLATINUM™, YOUR 24/7 PERSONAL PHYSICIAN™

"I've long advocated that it is easier and more cost effective to maintain good health than to regain it once it is lost. The answer to attain and maintain that good health is Cooper Clinic Platinum™."

– Kenneth Cooper, M.D., M.P.H., Founder and Chairman, Cooper Aerobics Center

PREVENTION

More than 40 years ago, Dr. Kenneth Cooper proposed what was at the time a revolutionary concept: the idea that you could live a better, longer life by simply maintaining good health. Just as Dr. Cooper pioneered preventive medicine then, Cooper Clinic continues to forge new territory by reinventing health care today.

Cooper Clinic is taking prevention to the next level; a level so personal and so complete, we call it Platinum.

As an exclusive member of Cooper Clinic Platinum, you always have a team of trained and caring medical professionals there to help you and watch out for your wellbeing, 24 hours a day, 7 days a week. Your own personal physician—someone who has taken the time to know both your medical history and you—will address your preventive and acute care needs in a timely and individualized manner. More than that, your Cooper Clinic Platinum personal physician will act as your trusted advisor and health advocate, creating a wellness plan for your future. While you receive many exceptional benefits as a Platinum member, including your annual Cooper Clinic physical exam, by far the most important benefit is knowing that you and your family have priority access to the finest health care possible—virtually day or night. It's that level of protection and personalized care that results in the ultimate peace of mind.

PRIORITY

Your Cooper Clinic Platinum membership introduces you to a unique relationship. You'll have a physician and team who will truly be dedicated to your needs and who will make your health their number one, around-the-clock priority.

PERSONALIZED

MICHAEL C. CHAPMAN, M.D.
Your 24/7 Personal Physician

Cooper Clinic Platinum raises the quality of health care by increasing the dedicated time, attention, and access to your 24/7 personal physician.

Dr. Michael Chapman is a Cooper Clinic physician specializing in family and preventive medicine. From young children to mature adults, he knows their individual and specialized needs. His impressive credentials back his extensive experience.

Dr. Chapman graduated Summa Cum

Laude from Baylor University with a B.S. in biology, and earned his medical degree with High Honors from the University of Texas Medical Branch at Galveston, Texas.

Dr. Chapman completed his residency through the University of Kansas School of Medicine. He is board certified by the American Board of Family Medicine and his special medical interests include preventive medicine, cardiovascular risk management, and child and adolescent health.

Dr. Chapman's goal is to be your health advocate and champion.

One example of how a personal relationship with your physician can help guide you through the medical maze is direct assistance and oversight of emergency situations, hospital stays, and specialty care. He knows how to help patients feel in control of their health during their best and worst times. After six years in private practice, Dr. Chapman joined Cooper Clinic in 2007 to conduct comprehensive exams and consult on youth health issues. He is an Eagle Scout and a member of Alpha Omega Alpha Medical Honor Society. Dr. Chapman and his wife, Carolyn, have two children, Cooper, 6, and Cecily, 3.
